## ***WE'RE HERE BECAUSE,***

- *Poor quality products are being sold for a long in the market just on the name of the brand.*
- *Customer satisfaction was never a priority.*
- *Their product was not worth the price.*
- *Companies not providing proper support.*
- *Keeping quality information hidden from the customer in the name of confidentiality.*
- *The grading system is used to fool the customer.*
- *Once the payment cycle completes they do not take responsibility of delivered product.*
- *No redressal mechanisms for the customers, you get what you get kind of monopoly.*
